

Amendments to the Claims:

The following listing of claims will replace all prior versions, and listings, of claims in the application:

1. (Currently Amended) A combination of a car bumper and a light unit for a car, the car bumper covering a portion of a waistline of a vehicle body and comprising an outside skin formed by a wall of plastics material, the light unit having as component elements both a housing suitable for containing at least one light source and a glass enabling light emitted by said light source to be diffused, wherein the outside skin of the car bumper includes an arrangement forming at least a portion of at least one of the component elements of the light unit and the component element of the light unit formed by the outside skin is the glass, the glass being assembled to the outside skin in a permanent and non-removable manner.
